

MOW WEEKLY UPDATE!

6/21/2011

Hello MOW folks and welcome to this week's MOW Weekly Update! We have been working hard in the shop and out on the line. So let's get down to the updating.

WEEK IN REVIEW:

Tuesday: Mike Taylor took his weed crew and the SSRR 2030 out and trimmed some trees along the mainline at miller park. They did good work and should reduce the scraping of green against the consist. Meanwhile the shop crew worked on the Model A firetruck transmission, an engine shield for the weed mower, and finalizing the man lift to get it out of the shop in the next week.

Thursday: More shop work. Bert continued work on the motor car roof. Cliff worked on engine shield for the weed mower, Mike worked on the inspector motorcar and Richard, Heather, and John worked on the man lift.

Saturday: Did not meet!

WEEK AHEAD:

Weed crew cutting limbs from the deck of the SSRR 2030.

Weed crew and train crew stop to take a photo with the shrubbery express.

Tuesday: We will be meeting in the shops starting at 3:00 p.m. for those with time to burn or 5:00 p.m. for those that do not realize that they could have started MOW a couple of hours ago.

Thursday: We will be meeting at the shop at 5:00 p.m.

Saturday: After a couple of weekends off we are returning to Saturday MOW starting at 8:00 a.m. We anticipate doing work on the line and it will be warm so start drinking heavily

and often.

See you out on the line,

John, Sandy, and Chris
